THE EXPERIENCE

Best trip ever! We have already planned two more trips for next year! So relaxing peaceful and for someone who has never been on a narrow boat before I can say you must do it!

MARBLED WHITE

Marbled White's magic lies in the blend of warm reclaimed materials and modern design.

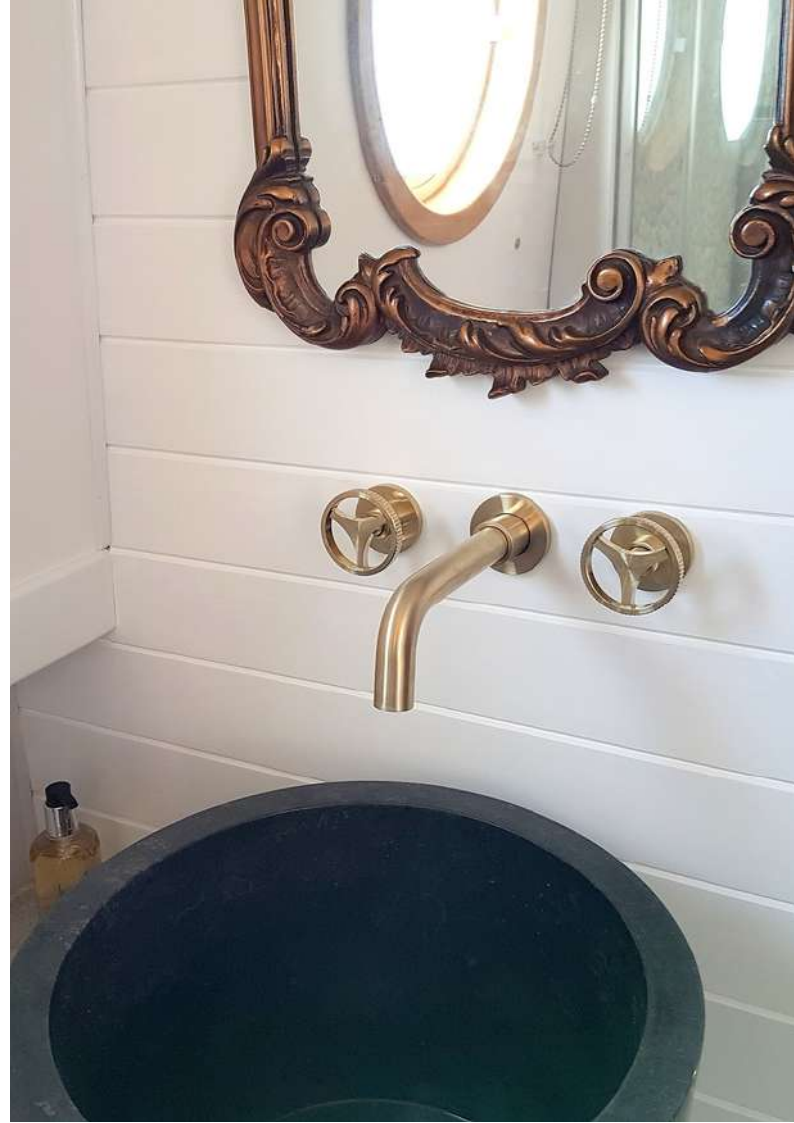

A large king-size bed nestles in the bow and a generous bathroom features a mosaic-tiled shower and contemporary marble basin.

Design highlights include bespoke carpentry using reclaimed pine from a Manchester mill, and a basket-weave flooring design. Original art adorns the tongue and groove panelling.

A photograph of a boat's interior, focusing on a kitchen area. In the foreground, a wooden countertop is visible, featuring a black electric kettle and a black sink. A vase with dried grasses sits on the counter. The background shows white cabinetry, a window with a view of the water, and a glimpse of a living area with a patterned sofa. The lighting is warm and natural, suggesting daytime.

***Wow! What a boat.
Everything about
Marbled White was
pure luxury from
the beautiful
interior to the
Kingsize bed.***

Woodland Grayling showcases antique alongside the modern; a Bergère leather chair sourced from the continent and oil paintings and mirrors in gilt frames. Mid-century Ercol stools bridge the gap between old and new.

The Boutique Narrowboat signature king-sized bed takes pride of place in the bedroom, piled high with blankets.

On this boat you will find black marble and stone in the bathroom; whilst in the kitchen, the wine fridge keeps your bottles chilled to the perfect temperature.

WOODLAND GRAYLING

Recently returned from a week's stay aboard Woodland Grayling. Over the years my wife and I have enjoyed many holidays on the canals, we both agree this one comes top of the list.

CHALKHILL BLUE

Chalkhill Blue is flooded with soothing, natural light.

The interior has a calming Scandinavian feel, although Chalkhill Blue is an eclectic home to antiques from England and France, too.

Warm cold hands beside an authentic Godin stove and refresh in a shower lined with Travertine.

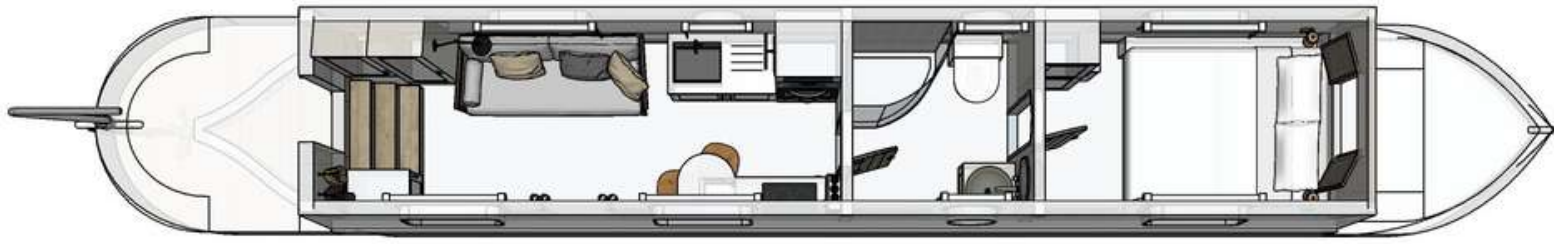

What an amazing experience. Absolutely beautiful boats with all the luxuries you need to make for a perfect holiday.

We were new to canal holidays and slightly nervous but everything was in place to reassure us and help us on our way.

We enjoyed every second.

Paper Kite is the latest Boutique Narrowboat to join our little fleet. It is being fit out ready for guests in 2024.

We build our own boats so you know that each is completely unique, but you'll recognise some of our signature features, such as the large king sized bed and contemporary styling.

PAPER KITE

GOSLING

Family narrowboat

Gosling is our cherished family narrowboat, perfect for small groups. A seating area in the saloon leads directly onto the front deck, providing a generous space for family and friends to spend quality time together.

Up to 6 people can sleep on Gosling in three separate rooms. Choose from four different bed layout combinations in a mix of single and double beds.

There are two shower rooms, too, so that privacy is ensured.

DAY BOATS

Our day boats offer the perfect opportunity to be captain for the day, and to cruise your own little narrowboat to the bottom of Foxton Locks and back.

We provide the lifejackets for any under 12s and the price of your booking includes full training and all fuel.

Our family day boats are suitable for 2-12 people, plus a dog or two.

The boutique electric day boat, Water Vole, is for up to 6 people.

NARROWBOAT NOVICE?

It is our job to ensure you feel safe and confident on the water, and return feeling relaxed and rejuvenated, with a bunch of great stories to tell your family and friends.

We provide all the training you need to get underway on your first afternoon, teaching you how to navigate in the area and operate the boat, so that you can enjoy your holiday afloat with complete peace of mind.

Before you arrive, we also ask you to do some simple preparation in the form of watching videos or reading, and we will email you the links to the material in plenty of time.

For those of you who have never tried your hand at operating a narrowboat before – well, you are in very good company. The majority of our hirers are either complete newbies or are relatively inexperienced and we are delighted to have welcomed them to our section of the Grand Union Canal.

We hope to see you soon!
